We the Board of Directors, Members and Committee of the British Ministry of Finance are now aware of your winning prize. We write to remind you that we receive a report from **{THE BANK OF ENGLAND}** that you could not get your winning prize (500,000.00 Pounds) right in your country India, due to your country (Indian) Government strict rules and laws at the Airport and also in the Indian banking system which prompt the **{BANK OF ENGLAND}** to call back the delivery agent as well as your winning prize to UK.

From the report they gave to us and after our investigations, we confirmed that you are the real Winner of this amount. **(500,000.00 Pounds)**. We have also confirmed that until this moment that you have not received your Winning amount.

After our numerous verifications we found out that you could not get your winning amount due to your low co-operation to the Indian Government Airport Authority as well as the Indian banking system.

In regards to the above mentioned problems, we (**THE BRITISH MINISTRY OF FINANCE**) have decided to release your winning amount directly to your personal bank account without any delay.

[LISTEN VERY ATTENTIVELY TO ENABLE YOU RECEIVE YOUR WINNING PRIZE!!!](#)

By the power and authority bestowed on us we have conveyed your transaction to trusted Bank which will transfer your winning prize; you are to contact the bank with your personal banking details for them to transfer your winning amount directly to your bank account without any further delay.

Be informed that the only money you will pay to them is (**100 Pounds**) equivalent to (**7,300 Rupees**) which is their Service Charge.
